

A.A.S. Criminal Justice Studies > B.A. Justice: Justice Studies Concentration

The Justice Major merges Mount Mary’s liberal arts core with courses that prepare women to enter graduate school, law school, government service, nonprofit agencies or other careers in the law. The major provides a multi- disciplinary study of how the modern justice system operates. It focuses on building the essential skills of logical reasoning, communication, problem solving, and analysis. The Justice curriculum uses a variety of disciplines to better understand criminal behavior, global justice policy analysis, and legal issues.

Agreement Description: The purpose of this degree completion agreement is to provide a seamless transfer process for learners at Milwaukee Area Technical College to enter Mount Mary University for further education and credentials.
