

DIGITAL MARKETING

SCHOOL OF ARTS & SCIENCES

Digital marketing majors have the skills for today's rapidly changing workplace and are equipped for careers in any industry. Our graduates work in business, nonprofit organizations, health care and in governmental agencies. They become digital marketing coordinators, special event planners, patient advocates, community liaisons and more. Discover what a digital marketing major can do for you.

Businesses leverage digital channels such as search engines, social media, email, and other websites to connect with current and prospective customers. This also includes communication through text or multimedia messages.

The digital marketing program prepares students with the training and communication skills they will need to implement marketing campaigns across multiple platforms. Integrated marketing professionals utilize marketing, advertising and communication practices to create effective strategies and tactics in a growing digital media environment.
